In keeping with statutory requirements, it gives us great pleasure to inform all our learners that Cedars Academy for Technical Training(PTY)Ltd is now granted provisional registration with the Department of Higher Education and Training(DHET), as a private FET college.

The registration date is valid until 31 December 2016. If, on the expiry of the period or any extension thereof, Cedars Academy for Technical Training(PTY)Ltd fails to satisfy the requirements for registration specified by the

## Dear Learners

2010 has been a year of great challenges and also great successes!

Cedars Academy for Technical Training embarked on Accelerated ABET for levels 2 and 3, in and around Ekurhuleni Municipality.

It became evident that we needed to upgrade our Code of Conduct to filter the ethos of quality training.

It has become encumbant on our

learners to truly commit themselves to Education.

Education enhances your life at so many different levels. Not only do you become a more knowledgeable learner, but also more confident and more marketable.

Congratulations to all our learners that were successfully declared Competent in both learning areas of Communication and Numeracy/Maths. The idea of sitting to write examinations is quite daunting, especially when the formal schooling system has been long forgotten! Keep up the determination to succeed!

## Upcoming Events

- ◆ ABET Training 2011
- ◆ New Venture Creation 2011

*“True success comes only when every generation continues to develop the next generation.”  
Nelson Mandela*

## Upcoming Events

The success of the Accelerated ABET programme has allowed us to look forward to an exciting start in January 2011. All learners declared competent will be given another opportunity to progress to the next level.

Progress to the next level will require more commitment as you progress towards your set goal.

## ABET School News

Cedars Academy hosted an exciting graduation ceremony in May 2010.

Learners were thrilled to receive their certificates handed over by our various Guests of Honour.

The most guarded secret became the greatest surprise when Cedars Academy for Technical Training awarded the top achievers for each level.

Quality training precedes quality

results! Congratulations to the Benoni, Zonkizizwe and Katlehong sites for outstanding performance. The floating trophies bare the candidates' names of learners who obtained the highest pass-Merits in both learning areas for level 2 and Higher credits in Maths for level 3.

*“Education is the most powerful weapon which you can use to change the world.” Nelson Mandela*

## Business School News

As notified regarding our registration with the DHET, Cedars Academy for Technical Training has received FULL PROGRAMME approval from the Services SETA to offer the following qualification:

National Certificate: New Venture Creation at NQF level 2.

It is a dynamic business programme for entrepreneurs and aspiring

entrepreneurs. Currently we anticipate training to occur in 2011; as our registration with the DHET confirms.

## New students

At this point in time, we can confirm that our competent learners will progress to the next level of ABET Training.

The New Venture Creation programme will require an intake of new learners once we have acquired contracts in this area. The criteria for selection of such learners will be based on highest standard passed and current status of entrepreneurial activities.

*“If you think education is expensive... try ignorance!”*

### New Staff

The Accelerated ABET contract allowed for us to contract Facilitators that were residing in close proximity to the schools. As the contract requirements differ, so too, will the needs differ. The next rollout of the programme may include new Facilitators, who will be competent in the areas of expertise.

May we extend our gratitude to all our staff who have faithfully served our learners thus far. We may bid farewell to some of our Facilitators and welcome those on board who will provision the training in 2011.

### Graduation ceremony: A night of the stars

Those who attended the ceremony bear witness to the success of the event.

Guests of Honour included the CEO of the SETA, the Project Manager, the MMC for Health, and representatives from the Department of Social Services.

Thank you to our guests for making the event a memorable one!

The highlight of the event was the

awarding of trophies to the top achievers. Congratulations to the following learners:

Benoni: Catherine Nsibanyone for Level 2

Katlehong: Cordelia Marah Dlamini for Level 2

Moses Thomo for Level 2

Zonkizizwe: Gloria Radebe for Level 3

Phindile Mnune for Level 3

Level 2
